

# MPAs increase kelp biomass via post-establishment divergence

Illustrative example: *M. pyrifera* at Scorpion SMR (simulated data modeled on observed patterns)

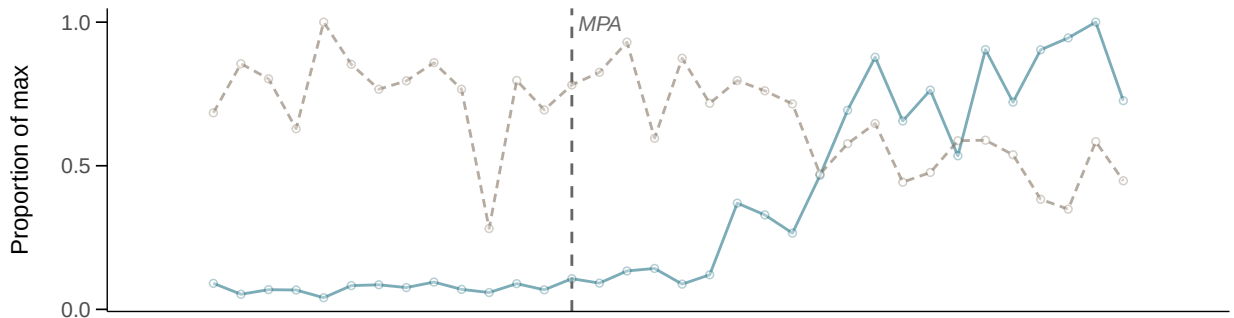

## (a) Raw kelp biomass

Example: *M. pyrifera* biomass at Scorpion SMR (simulated)

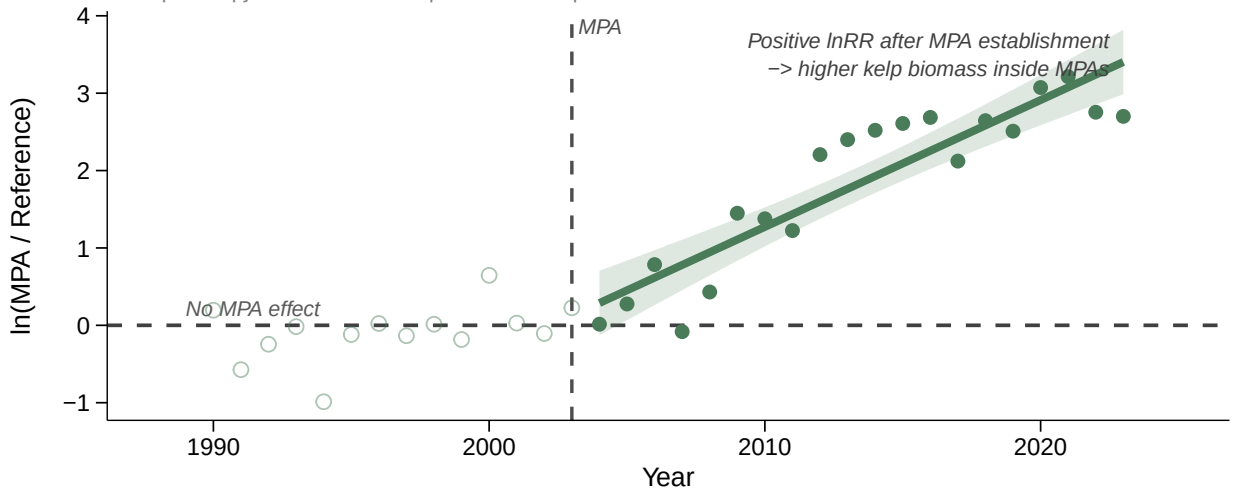

## (b) Standardized

Example: *M. pyrifera* at Scorpion SMR, proportion of site maximum

## (c) Estimated MPA effect

Example: *M. pyrifera* lnRR at Scorpion SMR with post-MPA trend
